OPPORTUNITIES

at Southampton High School

Foreword

If, in publishing this volume of THE NOTTOWAY, we can give you a better idea of our school, the things for which it stands and the opportunities it presents to all of us, give future students something to look forward to, give present students something tangible by which they may remember happy moments and profitable years in common purpose, then we feel we have accomplished our task.

Principal's Message

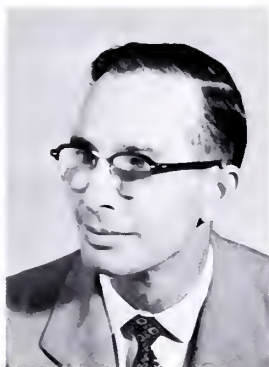

Dear Students:

Just as your handbook serves as a guide for planning your program in Southampton High School, the Hottelway serves as a summary record of those plans for any given year. Here is recorded the participation by the students as they avail themselves of the opportunities for full citizenship development. The program of studies, athletics, the arts, clubs, and social activities here pictorially expressed is indicative of the democratic environment in which you develop toward the time of taking your responsibility in society beyond the school. You will remember with pride that you were a part of this total activity, and you will cherish this record of that part of your life.

Sincerely yours
Raymond Bodkin

Organizations

Student Co-Operative Association

Participation in various organizations is an opportunity presented to the students at Southampton. Here they work together with adult supervision, carrying out projects which render service not only to the individual, but also to the school and community.

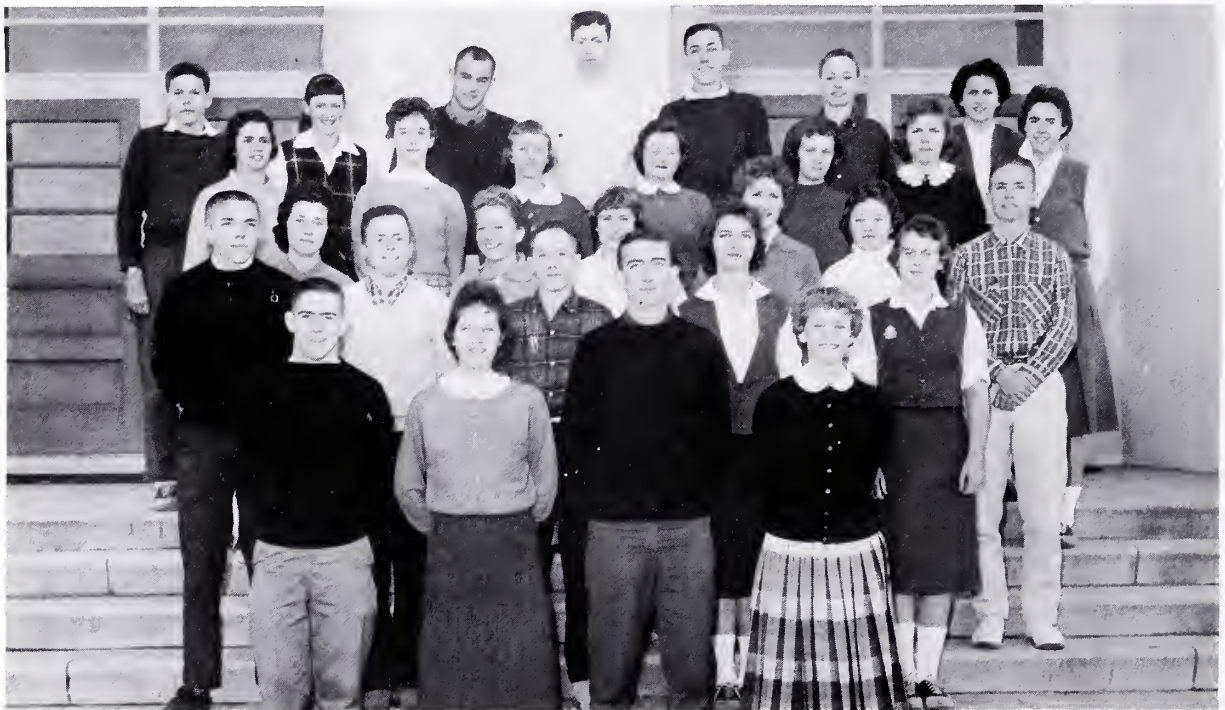

The SCA is such an organization. Through its activities, it provides opportunities for practicing good citizenship during school life.

Some projects which have been successfully completed this year are:

1. Financed and published Student Handbook.
2. Parked cars at football games.
3. Managed the concessions stand at all games.
4. Supervised milk distribution during lunch time.
5. Provided hall monitors.
6. Conducted drives for Tuberculosis, March of Dimes, and Crippled Children.

The Beta Club, a member of the National Beta Club of America, is an educational organization for Junior and Senior students in high school. The purpose of the club is to promote scholarship, leadership, ideals of honesty, and to encourage students to continue their education beyond high school.

Membership in the Beta Club must be earned by maintaining an average of ninety or above on all high school work.

Beta Club Officers

J. Hancock, Treasurer; P. Underwood, Secretary; D. Rogers, Vice-President; S. Williams, President.

Tri-Hi-Y

The girls of the Tri-Hi-Y show interest in their program of activities. Some of these include: presenting a Thanksgiving program for assembly, bringing Christmas happiness to three children, sponsoring a Mother-Daughter Banquet combined with an Induction and Rededication Service, giving song books to the school, worshipping in different churches, and presenting devotionals over the public address system.

Science Club

Students benefit from extra work.

Chemistry lab is always interesting.

S. Darden, D. Kinzie, G. Bryant, Mr. Hall, Sponsor; B. Broocke.

The advanced science class, sponsored by Mr. Hall, meets two consecutive nights a month and permits interested students to perform advanced and technical experiments which cannot be done in ordinary class time. Among the studies and experiments which have been completed this year are: 1. Determining the molecular weight of carbon dioxide; 2. Proving Avagadro's Number; 3. Determining the atomic weight of lead and copper; 4. Studying Boyle's and Charles' Law; 5. Determining the molar volume of a gas.

Forensics

A public speaker, a lawyer, or an actor may discover himself in the Forensic Program. The work is designed to help in "rounding out" the school program by giving to students the opportunity to develop talents in dramatics, public speaking, writing, and other language activities.

P. Dunlow presents a prose reading.

The Athletic Program at Southampton High School is open to all students who maintain a scholastic standing as required for participation. It offers opportunities for those interested in playing football, basketball, baseball, track and cross country. The coaches and teams strive for victory while adhering to the principles of good sportsmanship.

The following records speak for themselves in showing the development of these teams.

The Indians finished the '59 season with 6 wins, 3 losses, and 1 tie. After a scoreless tie with Emporia, the Indians started rolling and won the next two games

The fourth game stunned the Indians and they lost the next two also. After this three-game streak of bad luck, the SHS eleven bounced back with a victory over title-contender Holland in a regular mud battle.

The Indians then rolled on to win their last three games, the last one being a victory over arch-rival Franklin.

Maddrey goes for yardage against Broncos.

Southampton High School basketball team has completed the most successful season in the school's history. The team raced to 20 straight victories before being defeated by the Waynesboro team, now the state champions.

Southampton won the District I, Group II championship by defeating Holland, Gloucester, and Virginia Beach. Southampton turned back a strong Virginia Beach quintet to win the championship after defeating a high-scoring Gloucester team.

The success of this team is a tribute to the members of the team and to the families which they represent. This is a team by which many SHS teams in the future may set their sights. Team work has been a consistent feature. Never has sportsmanship been more evident in a high school team.

The players were the leaders; each realized the importance of team work, sportsmanship, practice, and competitive spirit. The importance of individuals to the team is hard to measure for all have contributed much.

The Southampton team will miss its seniors next year. These include Co-captains Tim Fuller and Joe Dail, Bobby Bryant, Bobby Story, Bobby Prince, and Paul Peyton. Returning next year will be such players as Jay Horne, Charles Ward, Ed Story, Richard Darden, Tommy Futrell, Al Ballard, and David Halsey.

J. Lassiter, Manager; A. Ballard, E. Story, R. Darden, D. Halsey, B. Story, B. Prince, T. Fuller, J. Horne, C. Barnes, B. Bryant, P. Peyton, C. Ward, J. Dail, N. Lee, J. Joyner, Manager; John Krebs, Coach.

Left to Right: F. Griffin, T. Roberts, C. Story, J. Boykin, S. Darden, L. Bradshaw, F. Faucette, R. English, M. Babb, M. Barnes, P. Westbrook, L. Close, S. Everett, R. O'Berry, B. Cutright. Standing: J. Ward, Manager; Miss Dowdy, Coach.

After an undefeated 1958-59 season, the SHS Girls' basketball team finally had their 17 game winning streak broken by Windsor and finished the 1959-60 season with nine wins and three losses.

Highscorers for the team were Freshman, Martha Barnes with a total of 140 points; Senior Rita O'Berry with 131 points and Junior, Ruby English with 66 points to her credit. The team scored a grand total of 500 points for the season.

Ugh, these "sit-ups!"

Track Team

Southampton High School fielded a track team for the first time during the year 1958-59. In addition to the dual and triangular track meets, Southampton competed in several state-wide meets.

The Mile Relay Team won recognition in every meet in which it participated by placing second in the Virginia Tech Relays, first in the Virginian Pilot Relays, first in the District track meet, first in the State track meet, and by winning the 880 yard relay in the Tidewater meet.

All indications are that the team will have a successful season this year, and many of the members will go to the State meet

**"What's the best way to build a
backlog of money-in-the-bank?"**

One saver has suggested: "Start realistically; follow through doggedly!" Let us add just two thoughts. First, to start realistically means to take into account all one's fixed expenses and usual living costs. Only thus can one determine how much can reasonably be saved each pay-day. Second, to follow through doggedly on a regular savings program shouldn't be hard for a person of ordinary will power—who starts realistically. Open a savings account with us and try it!
